

We Need *Your* Help To Make Everyone Count

2020 Homeless Count

We are looking for volunteers to help our community and some of its most vulnerable citizens.

Once a year, across the nation, our homeless neighbors are counted. These counts help us better understand homelessness and housing needs in our community.

Please donate a few hours of your day.

Volunteers are needed to:

- Survey individuals experiencing homelessness
- Provide incentives for participation
- Collect and distribute supplies/donations

If you are interested or have questions please contact:
